Susan Mosier, MD, Secretary

Department of Health & Environment

Sam Brownback, Governor

Good Morning Providers and Partners,

Sanofi Pasteur is experiencing a manufacturing delay with Pentacel (DTaP-IPV/Hib) vaccine. As a result, Sanofi Pasteur is not able to meet all of the Pentacel vaccine demand throughout the first half of 2016. However, Sanofi Pasteur has sufficient supplies of the relevant single antigen vaccines (DAPTACEL, ActHIB, and IPOL) to address the anticipated gap in Pentacel supply. Sanofi Pasteur is communicating directly to healthcare providers with information about the Pentacel delay via a health care provider letter.

Please see the attached memo for more information regarding this issue.

Thank you for your attention to this matter.
